

Research project model analysis

Individual Project Assignment

Due Wednesday, Oct 21, 2026

Contents

Homework	1
--------------------	---

Homework

Homework Exercises:

- Study the code and ODD of the model you chose for your semester research project, play with the model and run some BehaviorSpace experiments to examine its output.
Turn in a 3–5 page (double-spaced) write-up about the model.

Notes on Homework:

See the project assignment sheet for details about this assignment.
